Niangala P&C
Thank you to all parents for your help this year.
The Niangala P&C welcome any community members who have a few spare hours and would like to help the school to join the P&C in 2016.

Niangala students recently joined with Walcha Central, Yarrowitch, Woolbrook and Nowendoc schools for a fun day of bush dancing with the Billy Tea Bush Band.

Sophie - I liked the horses in the forest dance the best. It was very funny watching all the people galloping through the forest. I was partners with Breanna when we did the canoe dance, the emu and the kangaroo dance.

Jayden - I loved the bush band. The best dance was the canoe dance. My partners were Kasey and Breanna. I saw Harry, Maisey, Noah and Chloe.

Tahlia - I loved when we galloped down the hall. I also liked when we had to piggy-back the little kids after the Billy Tea Bush Band.

Grant - The best part was galloping like horses when everyone was clapping. I also liked the part where my buddy and I shook hands with the canoes and danced with them and let them through the bridge.

Isabella - I loved the band because the dances were funny. I liked it when we galloped down the path with Chloe. I saw Noah, Breanna, Harry and Chloe.

Charlotte - My favourite part was galloping down the hall.

Brock - The Bush Band was fun as I was with my friend Troy. We danced a horse one and you held hands, clapped your hands and stomped your feet.

Garden renovation
A big thank you to Graham Galvin, Pete Mikulasev and Marlay Brown for building the fabulous wall around the vegetable garden. We are thrilled with the wonderful outdoor learning area that has been created. We welcome the school community to come and have a look!

Follow up on The Armidale School (TAS) visit..

Niangala Primary School Visit

Niangala Primary School came for a visit on Thursday. They were very interested in our Lego robotic creations and TAS was proud to share. Year 3, 4 and 5 E & E students were gracious hosts, and walked the children through the process involved in their construction creations. As part of our PYP, we are reaching out to the community to join us on our learning journey. Each Niangala student was able to play with the vehicles and some even ventured to make their own. All, with promises made to do it again in the near future, had a fun morning.

Niangala Public School visit to TAS featured in a recent edition of the TAS newsletter.

Students from both schools enjoyed the opportunity to engage with different children in a fun and stimulating Lego robotics class.

Niangala students have been following up with further Lego sessions at school.

Collaborating with other schools is a strong focus at Niangala. Niangala students have participated in joint activities with Walcha Central, Yarrowitch, Nowendoc, Woolbrook, Black Mountain, Chandler and TAS this year.

Decimals in action….  

Year 2, 3 and 4 students have been discovering decimals in maths. To reinforce their knowledge in a fun way the children used paddle pop sticks to demonstrate what they had learned. Mrs Brown called out numbers using wholes, tenths and hundredths and the students lined up their numbered paddle pop sticks to make the decimal representation of the number.

Science in the Bush

Year 6 student Sophie Worth recently attended the Science in the Bush program run by the University of New England.

Science in the Bush is a day of hands-on workshops, with students taking on experimental challenges and coming face-to-face with cutting edge research.

Science in the Bush By Sophie Worth

Last Friday I went to Science in the Bush at UNE with Walcha Central Year 5 and 6 kids. We made a freezer alarm using wire, a thermometer and a battery. We also did fingerprinting and watched a Science Show.

I won a prize when my survey was drawn out of the entry box. I won a Poultry CRC kit which included; a t-shirt, thumb drive, The Story of Eggs in Australia book, UNE pen, ruler, lollies and drink bottle. I had a great time, enjoying working with some of the students I will go to High School with.

Baby Sitting Available

$5 per hour  Overnight Negotiable
