Niangala P&C
Everyone is welcome to attend the next meeting on Thursday 23 July at 1.30pm (Week 2 Term 3). Items to be discussed will include Presentation Day, End of Year Awards, Swimming, Kinder Transition Program, Street Stall.

Expressions of interest for 2016 enrolments. If you know of any children who are interested in enrolling at Niangala please contact the school.

**Eat it to beat it!**

Niangala Public School is participating in the Cancer Council initiative Eat it to Beat it program. Developed by dieticians, the program helps parents add fruit and veg to every meal. In NSW 90% of adults don’t eat enough vegetables, and 50 percent not enough fruit. On July 29th at 10.30am the school will host a free workshop which will include a healthy lunchbox presentation as well as information, recipes and tips on how to add more fruit and vegetables into your diet. All members of the community are welcome. Please contact the school for more details.

**Pyjama Day!**

Niangala Public School is holding a pyjama day on June 24 to raise money for the Year 6 fundraiser. Students are asked to bring a gold coin donation. Hot chocolates will be available for $1 per cup. Students will still do school work as usual.

**Pink Morning Tea**

A big Thank you to Mrs Chiswell & Sophie for organising a wonderful morning tea. On Wednesday June 3 the school became a pink wonderland with streamers, balloons and pink Breast Cancer cut out ladies decorating the library & grounds. The food was scrumptious & yes very pink. The students & visitors raised $54.65. All of the families that ordered Pink Buns also contributed $60.00 to the Bakers Delight fundraising month. The money raised has been given to Breast Cancer Network Australia.
**Reading champions!**

Congratulations to Brock James & Charlotte Gibson for achieving 50 nights reading at home.

**Curraubula Small Schools Art Competition**

Congratulations to Year 6 student Sophie Worth who received an encouragement award in the 2015 Small Schools Art Show. With over 1300 pieces of artwork entered from over 30 small schools, it was a great achievement.

Congratulations Sophie!

**A taste of high school!**

Year 6 student Sophie Worth attended Walcha Central School Taster day on Tuesday May 26th along with Year 5/6 students from other schools in the Walcha area. The children were given a time table for the day consisting of 5 periods with food technology, maths, visual arts and music on the agenda. Sophie enjoyed making pizzas for food technology, solving riddles and puzzles for maths, creating a horse zentangle for art and making music.

Sophie thoroughly enjoyed her day and is looking forward to making the most of the opportunities available at high school.

Pictured is Sophie’s zentangle horse she created for art. The Zentangle Method is a fun way to create beautiful images by drawing structured patterns.

**Questacon Science—Woolbrook Public School**

Did you know that balloons and paper can help us understand how objects fly?

Questacon enabled the students to assist with experiments that showed them how and why.

**Public Speaking Day—Nowendoc Public School**

Years 3 to 6 students participated in a Public Speaking day at Nowendoc. The children chose a topic, they then had time to write a short speech that they presented to the group.

Quick thinking language games gave the children ideas on how to be confident when asked to speak publically with little time to prepare.

Thank you to parents for transporting children to these excursions.
